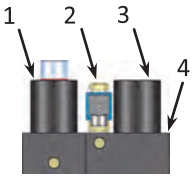
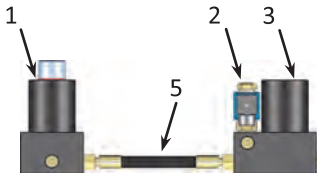
Description of Components:



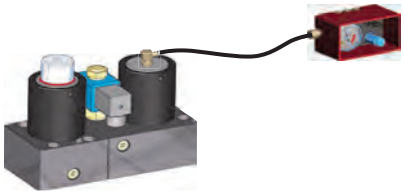
Compact Application



Modular Application

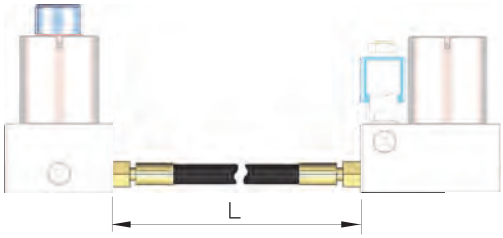
1 Working cylinder
2 Hydraulic valve
3 Pressure accumulation cylinder
4 Adaptation plate
5 Hydraulic hoses

Example of an application connected to a control panel



Example of an application of a connected modular version

How to Order a Modular Application



K 4500	x	63	E 24	L=200mm
Model		Stroke	Hydraulic Valve	Length

Model: K1500, K 3000, K 4500, K 6500
Stroke: 12, 25, 38, 50, 63, 80, 100, 125 (other strokes under order)
Hydraulic Valve: · Hydraulic valve: E 24, E 110, E 220
Length: · distance between modules (min. 175mm)
